## DECAL SET

# for 6mmFlyRC's F-14 Tomcat

This scheme was adopted by a VF-111 CAG bird in 1989 while aboard the USS *Carl Vinson*. The Miss Molly in question was Molly Snead, long time friend of the ship's namesake, Congressman Carl Vinson, and the nurse who cared for his wife during her long illness. She was present with Congressman Vinson during the carrier's commissioning in 1980 and performed the ceremonial christening of the ship with champagne.

The Miss Molly scheme had previously been applied to a C-1 Trader carrier-onboard-delivery (COD) aircraft, but with the C-1's retirement from active service in 1988, VF-111 chose to adopt the scheme and keep alive the tribute to Molly Snead.

This decal set is not to be modified or sold.
