

# VX-9 VAMPIRES “VANDY 1” DECAL SET

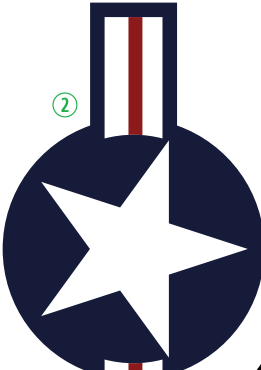

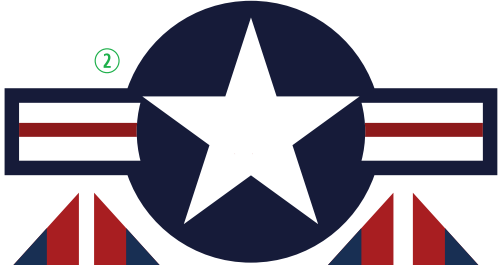

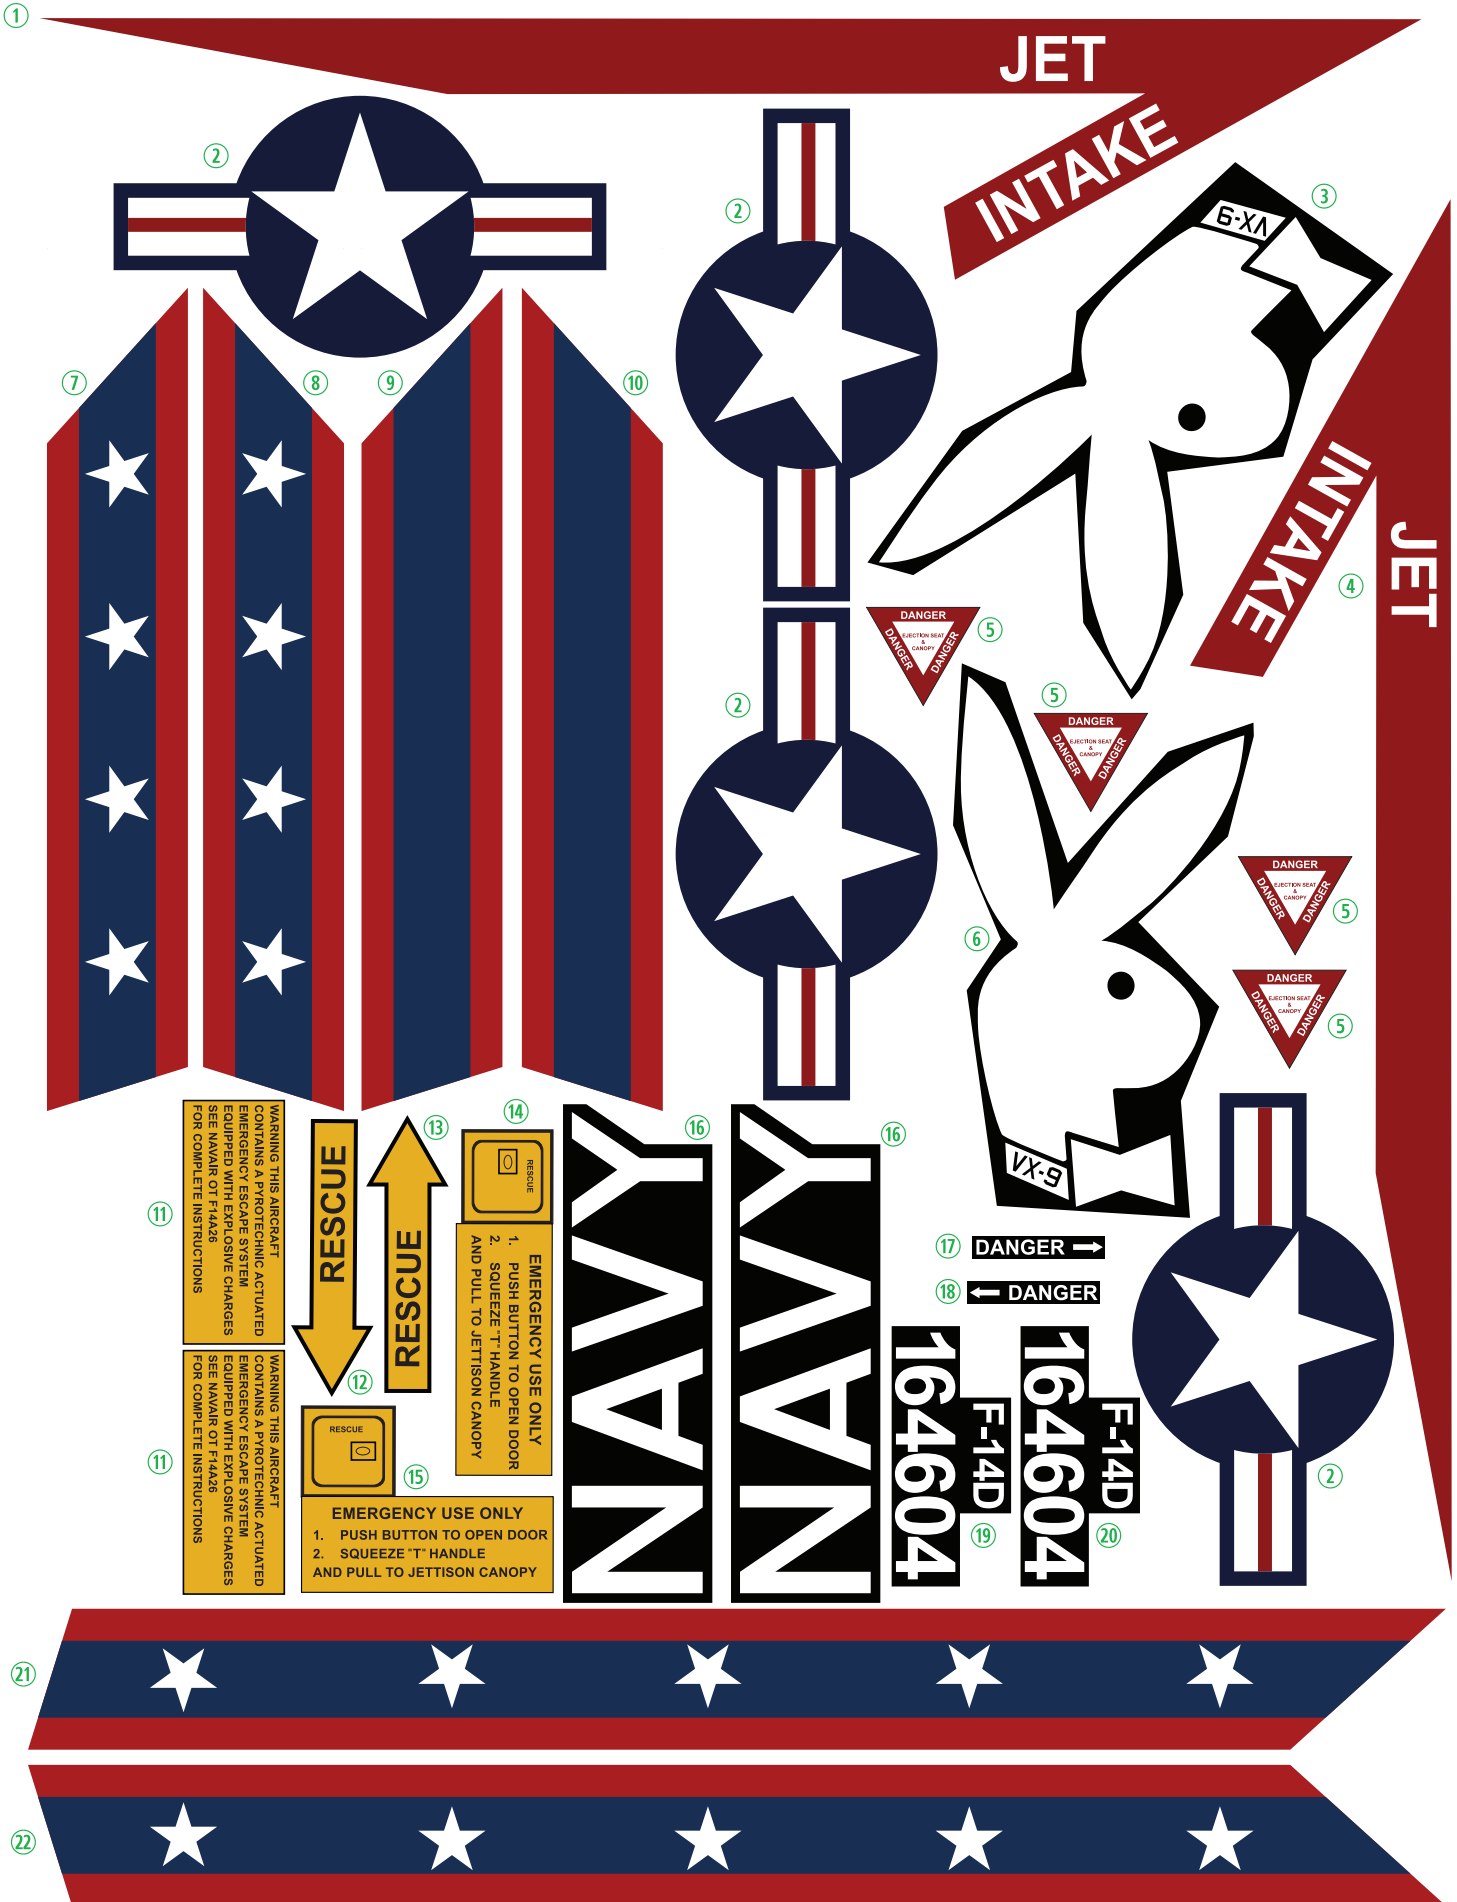

## for 6mmFlyRC's F-14 Tomcat

VX-9 is an Air Test and Evaluation Squadron that was formed in 1994 from the merger of VX-4 and VX-5. These two original test squadrons were established in the 1950s to test USN ordnance and aircraft.

Always a crowd favourite at airshows, the original all black with Playboy bunny “Vandy 1” was an F-4 Phantom flown by VX-4. This scheme was carried over to an F-14 when the squadron was equipped with them in the 1970s. When VX-9 was formed the “Vandy 1” tradition was continued with the aircraft depicted in this decal set.

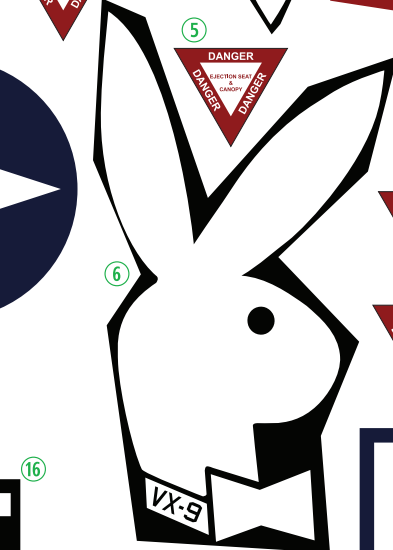

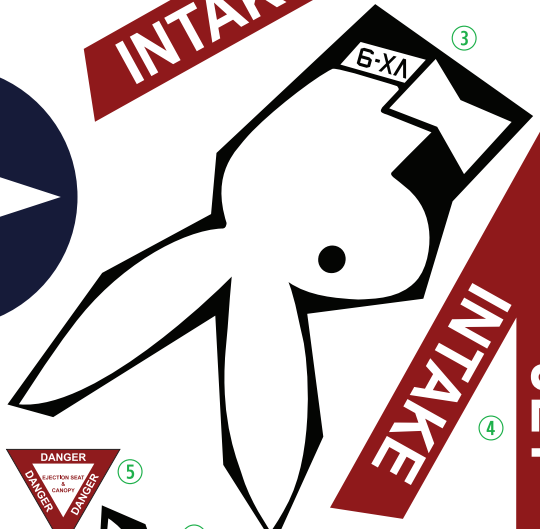

This decal set is not to be modified or sold.  
Not to be hosted except on RCGroups.com and 6mmFlyRC.com.  
Commercial use is restricted to free distribution with 6mmFlyRC kits.  
Printing by commercial operators (Kinko's, etc.) is allowed for **personal use only** - mass reproduction is prohibited.
